

## SCOTT & GARY'S - After School Science Club

From Monday 4<sup>th</sup> November 2019 for 5 weeks, Gary & Scott will be bringing their 'After School Science Club' to Brabourne Primary School. Over the five weeks the children will have the opportunity to make / play and learn about different topics in the Science Curriculum.

There will be something different each week. Plenty of hands on projects – a great fun way to learn. The items they make will be related to the topic and they can take home.

The club will run after school from 3:15pm to 4.15pm. The children will be supervised during the short break from the end of school to the start of the club.

The total cost per child is £25 cash for the 5 weeks please return by Friday 11<sup>th</sup> October 2019 in an envelope marked 'science club' with the completed application form to the school office.

Please book early as we are limited to 32 places in the club this time.
