

## Activity Sheet Term 3 Week Beginning 24<sup>th</sup> January 2022

	<b>Things we have covered this week:</b>	<b>Ideas you may want to try at home linked to our learning at school:</b>
Phonics	<ul style="list-style-type: none"> <li>This week we have learnt the igh sound as in high, night, light. We have also learnt the oat sound as in boat, loaf, road.</li> <li>We learnt the tricky word you and the high frequency words this with see.</li> </ul>	<ul style="list-style-type: none"> <li>Use your new digraphs to practise making words such as high, night, light, fight, goat, boat, loaf, toad. For a challenge can you make the words fright, bright, cloak, roach, float.</li> <li>Play - <a href="https://www.phonicsplay.co.uk/resources/phase/3/matching-ph3w4">https://www.phonicsplay.co.uk/resources/phase/3/matching-ph3w4</a> to match the words to the pictures. Use login details username:brabourne password:conkers</li> </ul>
Literacy	<ul style="list-style-type: none"> <li>This week we have been finding out about planes. We looked at and compared different types of planes, including some from the past. We the used our phonics knowledge with the new digraphs we have been learning to label parts of the plane.</li> <li>We shared the book "I am Amelia Earhart" and learnt who she was and how and why she became famous.</li> </ul>	<ul style="list-style-type: none"> <li>Can you tell somebody at home what you remember about Amelia Earhart?               <ul style="list-style-type: none"> <li>Where did she live?</li> <li>What did she want to do?</li> <li>Why did she become famous?</li> </ul> </li> </ul>
Maths	<ul style="list-style-type: none"> <li>This week we have been focussing on measuring weight. We used a set of balance scales to compare objects against each other and use the vocabulary heavy/heavier, light/lighter and balance to describe what happened.</li> <li>We have also been measuring capacity too. We practiced filling cups with different amounts and using vocabulary full/nearly full/empty/nearly empty/half full/half empty to describe the amount of liquid in each cup.</li> <li>We then compared the size of the 3 bears bowls and had great fun measuring how many spoonfuls of porridge each one could hold. We estimated our answers and then checked to see who was closest. We used what we knew about the size of each bowl to try to make sensible estimates.</li> </ul>	<ul style="list-style-type: none"> <li>Choose objects from around your home. Compare their weight. Can you use your arms to be a set of balance scales and show what you think would happen to the scales when you place the objects on them?</li> <li>Take some different sized containers in the bath and explore capacity. Which one holds the most/least. How can you tell?</li> </ul>
Topic A Ticket to Ride  Amelia Earhart  Growth Mind set	<ul style="list-style-type: none"> <li>After finding out about Amelia Earhart we use paper to fold our own paper aeroplanes. We then had so much fun flying them outside and seeing which plane would fly the furthest/highest.</li> <li>We also investigated how we could use elastic bands to give our planes a greater push and get them to fly even further. This was so much fun.</li> <li>We linked what we had learnt about Amelia Earhart to what we have been learning about Growth Mindset, Even though she wasn't very good at being a pilot to begin with she kept persevering until she got better and better and never gave up.</li> </ul>	<ul style="list-style-type: none"> <li>Build and have fun flying your own paper aeroplanes. Ask a grown up help for make some different designs? Which one flies the furthest? Maybe you could bring it to school for show and tell next week.</li> </ul>

Have a lovely weekend.

Mrs Winchester
