

Activity Sheet Week Beginning 06/02/23

	What have we been learning about at school?	What could you do to support at home?
Phonics	<ul style="list-style-type: none"> • This week in phonics we have looked at the digraph ur as in fur. • We have also been completing phonics assessments. Please find enclosed in your child's folder the sounds they need to work on. However please do not worry about this as we will continue to work on them next term in smaller groups. • If there is no sheet then your child can recall all of the sounds covered so far. 	<p style="text-align: center;">Have a lovely half term break.</p> <p style="text-align: center;">You could...</p> <ul style="list-style-type: none"> • Try travelling on a form of transport that you don't usually use <ul style="list-style-type: none"> • Bake some cakes • Play some board games • Share some stories together <p style="text-align: center;">Have fun 😊</p>
Literacy	<ul style="list-style-type: none"> • This week we finished off our work with the Naughty Bus. We took him around the school to create some mischief or do something nice and took photos. We then produced some lovely writing from it using our phonics knowledge. We will put it together to create our own Naught Bus book! 	
Maths	<ul style="list-style-type: none"> • In Maths this week we have use dour knowledge of numbers to 5 to solve number problems. Such as if I have 3 sweets how many more do I need to make 5? • We have continued to compare quantities using the vocabulary fair, equal, unfair, unequal. 	
Topic Terrific Transport	<ul style="list-style-type: none"> • This week we have had such fun learning about transport from the past. We have learnt the vocabulary history, past, present and future. • We learnt about The Wright Brothers and the first planes. • We learnt about George Stevenson and the first trains. We learnt that his invention called the rocket wasn't a rocket at all but infact was a type of train! • We learnt about Amelia Earhart and how she became the first woman to fly solo across the Atlantic Ocean – WOW. • We looked at a different type of transport each day and had great fun making models of them. Thank you for the supply of junk modelling materials, unfortunately we didn't have a great amount so we learnt how to make cylinders and cones to make rockets and used pegs and lollysticks to make planes. 	

Thank you for your continued support. Have a wonderful half term holiday and I look forward to seeing the children back in term 4.

Mrs Winchester
